- **360° Viewing**
- **3-D Holographic Design**
- **Digital Lighting**
- **Custom Message LED Sign**
- **Timer Display**

The sleek oval design, special effects and high-tech appearance make this a great activity for your event or party. People can gather on all sides of the machine because it has 360° clear viewing. Place it in the middle of your event, party, trade show booth or ballroom, and watch the excitement!

There are multicolor lights that flash and illuminate a 3-D holographic image for an exciting effect. It is constructed of polished stainless steel and has an electronic message display, digital clock and special

effects lighting. The electronic message display is easily visible above the unit and can be customized to promote your event, brand or company.

Any way you look at it, the Funny Money Machine is the ideal addition to any special event, social party, or company activity.
