

HOT OFF THE ISLAND

PHOTO Scavenger Hunt

A Creative Adventure

A UNiQUE and Creative Program Guaranteed to encourage camaraderie and teamwork

The **HOT OFF THE ISLAND** Scavenger Hunt has three parts:

- The Pre-Hunt Enlightenment
- The Hunt
- The Post-Hunt Gathering

The theme of the hunt is travel (getting off the island) and many of the items (not all) relate to this theme. Crews must work together to accomplish the variety of tasks ahead. Each Crew will have a distinctive Token! Team names may be selected from the following list (more available upon request).

- *The Professors*
- *The Skippers*
- *The Mr. Howells, III (Thurston)*
- *The Mrs. Howells ("Lovey")*
- *The Gilligans*
- *The Gingers*
- *The Maryanns*
- *The Beachcombers*

During the Scavenger Hunt, players race against the clock to take sidesplitting photos of items and stunts associated with the theme. Photo Lists #1 and #2 are supplied with point values for each item or stunt. Tokens must be in every picture!

At the Post-Hunt Gathering, players will have an opportunity to display all of the photos taken to the entire group. The Hunt Guides will have calculated points. However, style points may be awarded at the gathering for fascinating, engaging, and exciting details of how a photo was obtained. Crews will have a pre-determined amount of time (e.g. *one hour and eighteen minutes*) to complete as many assignments as possible. We will modify the time to adapt to your group's time requirements.

Each Crew will receive a sealed folder containing the Photo Lists, a Polaroid Camera, Rolls of Polaroid Film and a Team Token.

Personalized Medals for the top three Teams

General Rules:

- Stay on site.
- A minimum of three CrewMembers in each Photo. More is preferable.
- All Crewmembers, who desire, should have an opportunity to be the photographer.
- Proper moral standards and ethical conduct must be maintained.
- Token must be in each photo.
-

**Additional themes are available (e.g. Sopranos, Fifties, New York, Survivor & More!)*
